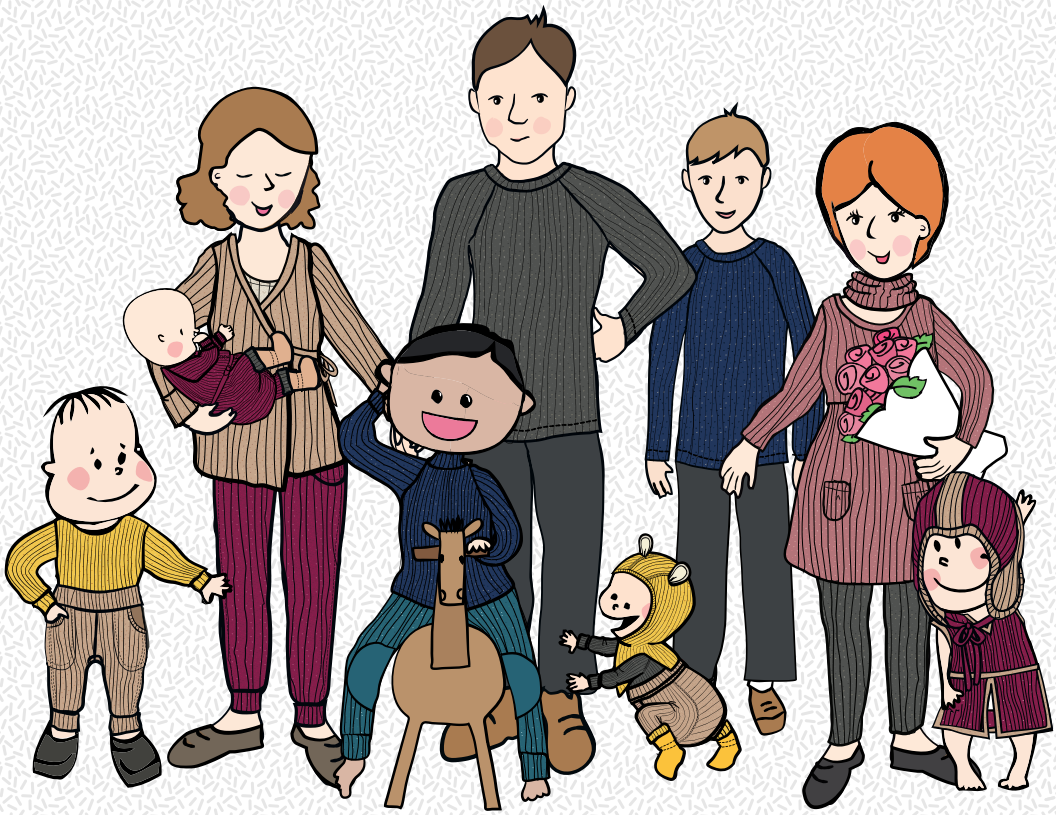
2023/2024



Natural Family Woollies Collection
2023–2024

We know winter and cold!

It lasts more than 6 months of the year
here in the 2nd Northernmost capital city
in the world – Helsinki, Finland.

Newborns, toddlers, and young children lack body fat and have a smaller body size. They can lose heat/overheat and need help with regulating the body temperature. The ideal is using natural woollies and when windy outdoors then add something that offer shelter from the wind chill.

Natural Family Woollies Collection 2023–2024

NATURAL WOOLLIES

- Machine washable.
- Natural UV-protection.
- Super soft and breathable.
- High comfort and shape retention.
- Temperature regulating and moisture wicking.

no mulesing
no superwash
no moth treatment
safe dyes

Natural Merino Wool

ManyMonths®

→ for the growing child

ManyMonths® Woollies grow along your child, transitioning and adapting from month to month, and even years. Newborns, toddlers, and young children lack body fat and have a smaller body size. They can lose heat/overheat and need help with regulating the body temperature. Use Natural Woollies for comfort and optimal warmth.

MaM® (Mommy and Me)

→ for women

Designed especially with mothers in mind. Inspired by the idea of a minimalist capsule wardrobe, both in stunning colours and in black. Multi-functional, timeless pieces for everyday use, through transition periods, and the wonderful times of pregnancy and breastfeeding. Also a traveller's dream – pure merino wool is almost odourless, and has self-cleaning properties.

MaD™ (Me and Daddy)

→ for men

The men in our families want to stay warm and comfortable too! In addition to the Thermal Long Sleeve T-Shirt and Thermal Pants there are a few accessories designed also with men in mind. Enjoy the outdoors together.

Natural Family Woollies Collection 2023–2024

ManyMonths® Sizing

MIRACLE is a preemie baby, 44–50 cm. She was born somewhat before she was supposed to leave the warmth of the womb and needs especially tender and loving care. Organic materials and merino wool are really valuable for our Miracle, as the special properties of merino wool help with regulating body temperature, and keeping the little, skinny body warm. Wrap Miracle in a natural blanket and keep her close, move around, sing and she will grow stronger every day. A true Miracle – a wonder to watch.

NEWCOMER is 0–3/4 months of age and 50–56/62 cm in height. He is SOO cute! Great at sucking and keeping your finger in his hand. He has a gorgeous smile and a big voice. Makes different kinds of sounds already from 2 months of age. Looks at you with love. Can keep his head up at the end of the period. Growth is rapid and clothing that is size adaptable is a big advantage during this period.

CHARMER is 3–6/9 months of age and 62–68/74 cm in height. He has a beautiful smile and is practicing his voice. You can expect babbling and laughing. During this period he is becoming mobile, first rolling over, and later learning how to sit upright by himself. He puts everything in his mouth to explore – be careful with small objects. The first tooth often becomes visible during this period; get a dickie to keep the chest warm even when wet, and to save on laundry.

EXPLORER is 6–12/18 months of age and 68–80/86 cm tall. He is crawling around exploring the floor and everything in reach – choose trousers with patches! He learns to put blocks in a cup and to turn the pages of a baby book. He can pick things up between the thumb and pointer finger, even small food pieces like peas and berries. He takes his first steps and learns how to use the spoon for feeding himself. Allow it to be messy. You can protect the clothing by putting an old adult shirt backwards.

ADVENTURER is 1–2/2,5 years of age and 80–92/98 cm tall. He is no longer a baby, but a toddler and much more mobile than earlier. He loves switches and knobs, and learns how to use his hands for coordinated activities like opening snaps. He has unlimited energy, imitates your behaviour, and is able to follow instructions. The Adventurer can already undress simple clothing by himself. A great age to introduce the MultiCape and the Zip Cardigan. Teach your Adventurer the pictorial ManyMonths labels, so he can help to pick and choose items of the appropriate size.

CONQUEROR is 3–4,5/5 years of age and 98–104/110 cm tall. She has a great sense of humor and is very active: jumps, runs, races, climbs, throws balls... all day long. She enjoys the company of her friends. And she asks questions, easy questions and difficult questions, embarrasing questions and fun questions. Might give you a new perspective on the world as well. The Conqueror can dress herself with a little help from you. Consider placing a wooden clothing rack for the core garments in your child's room.

INNOVATOR is 5–7/7,5 years of age and already quite tall: 110–122/128 cm. He can count, cut with a scissor, catch a small ball, use a swing all by himself, and blink with just one eye. Innovators play together with complicated rules they have made up by themselves, and the clothes they wear certainly make a difference. It's a time of active learning and it does take no time at all to learn new rhythms, rhymes, and lyrics. Mommy's little darling is getting big.

ENTHUSIAST is 8–10 years of age and growing fast: 128–134/140 cm. She is very active and has lots of energy. Socially and emotionally, this is a significant time period. Enthusiasts want to feel accepted and worthwhile, and like encouragement over competition. Joining groups and spending time with peers is very important, and the Enthusiasts are easily motivated and eager to try new things. Keeping warm and comfortable during all (new) outdoor hobbies is where ManyMonths® comes in.

LIONHEART is an evolving adolescent, 10–12/13 years of age and has grown to be 140–152/158 cm tall. The body changes rapidly at this age, growth spurts are common, and the brain needs time to adjust. Lionhearts gain increased reasoning abilities and are gradually beginning to grasp abstract concepts. They are trying to establish their individuality and are often distancing themselves from their parents, but still need mummy/daddy to wake them up in the morning and remind them to brush their teeth at night. Not to stick out is important to many and thus the Lionheart–sized clothing is based on essential, classic items. Family activities help Lionhearts develop a strong sense of self – enjoy the outdoors together!

Natural Family Woollies Collection 2023–2024

manymonths®

Materials

Original: 100% natural merino wool rib knit in expedition weight ~380 g/m². Oeko-Tex 100 class 1 certified and custom-made for the Natural Family Woollies Collection.

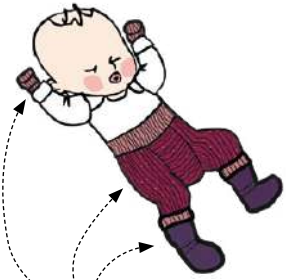
Patches, pockets and selected parts: 55% hemp/45% organic cotton certified by Ecocert IMO GmbH
Dino spikes: partly recycled (~30%) non-fraying polar fleece (polyester)

All labels, sewing threads, snaps, buttons and zippers are Oeko-Tex 100 certified.

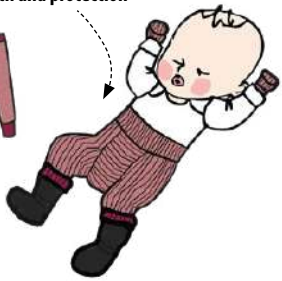
some items have sewn-on patches made of hemp/organic cotton jersey for enhanced durability

all trousers have an adjustable waist

cuffs are designed to be long for comfort, arm and leg adjustment



some items have double layers for optimal warmth and protection



sewn-on snap tape pieces for best durability and ease of use

from bodysuit to shirt: completely removable bottom part

Design by Bettina Lindblom

Made in China by a Scandinavian owned GOTS-certified sewing facility specializing in eco textiles.

ManyMonths® Natural Woollies Collection 2023–2024

ManyMonths® Natural Woollies Adjustable Winter Booties

Lining: 100% natural merino wool rib knit

Shell: partly recycled polar fleece 360/m²

Fully reversible
(best used with the wool lining against the feet)

Perfect for babywearing, car and bike rides, sleeping in the pram...

Generous sizing to leave space for air to keep every toe warm and allow wearing extra socks or Tube Booties inside.

ManyMonths® Natural Woollies Collection 2023–2024

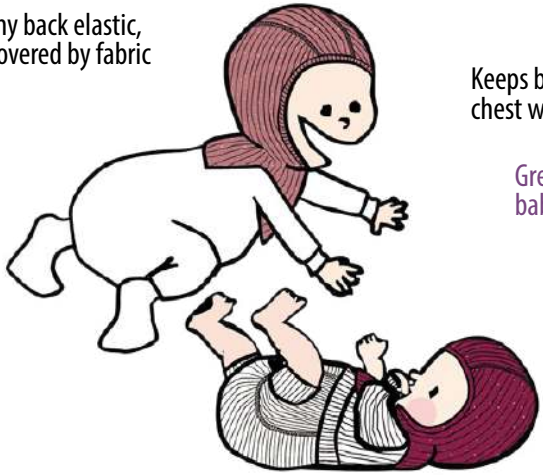
ManyMonths® Natural Woollies Elephant Hood

The most popular ManyMonths item

Stays in place perfectly

Stretchy back elastic, fully covered by fabric

Flat seams throughout



Keeps both head and chest warm

Great for layering and babywearing

The Elephant Hoods are also available in UNiQUE styles with cute ears, and with dinosaur spikes.

The smallest and largest sizes don't have back elastic. NewComer is easier to put on and the Enthusiast/Lionheart fits a larger range in height this way.
